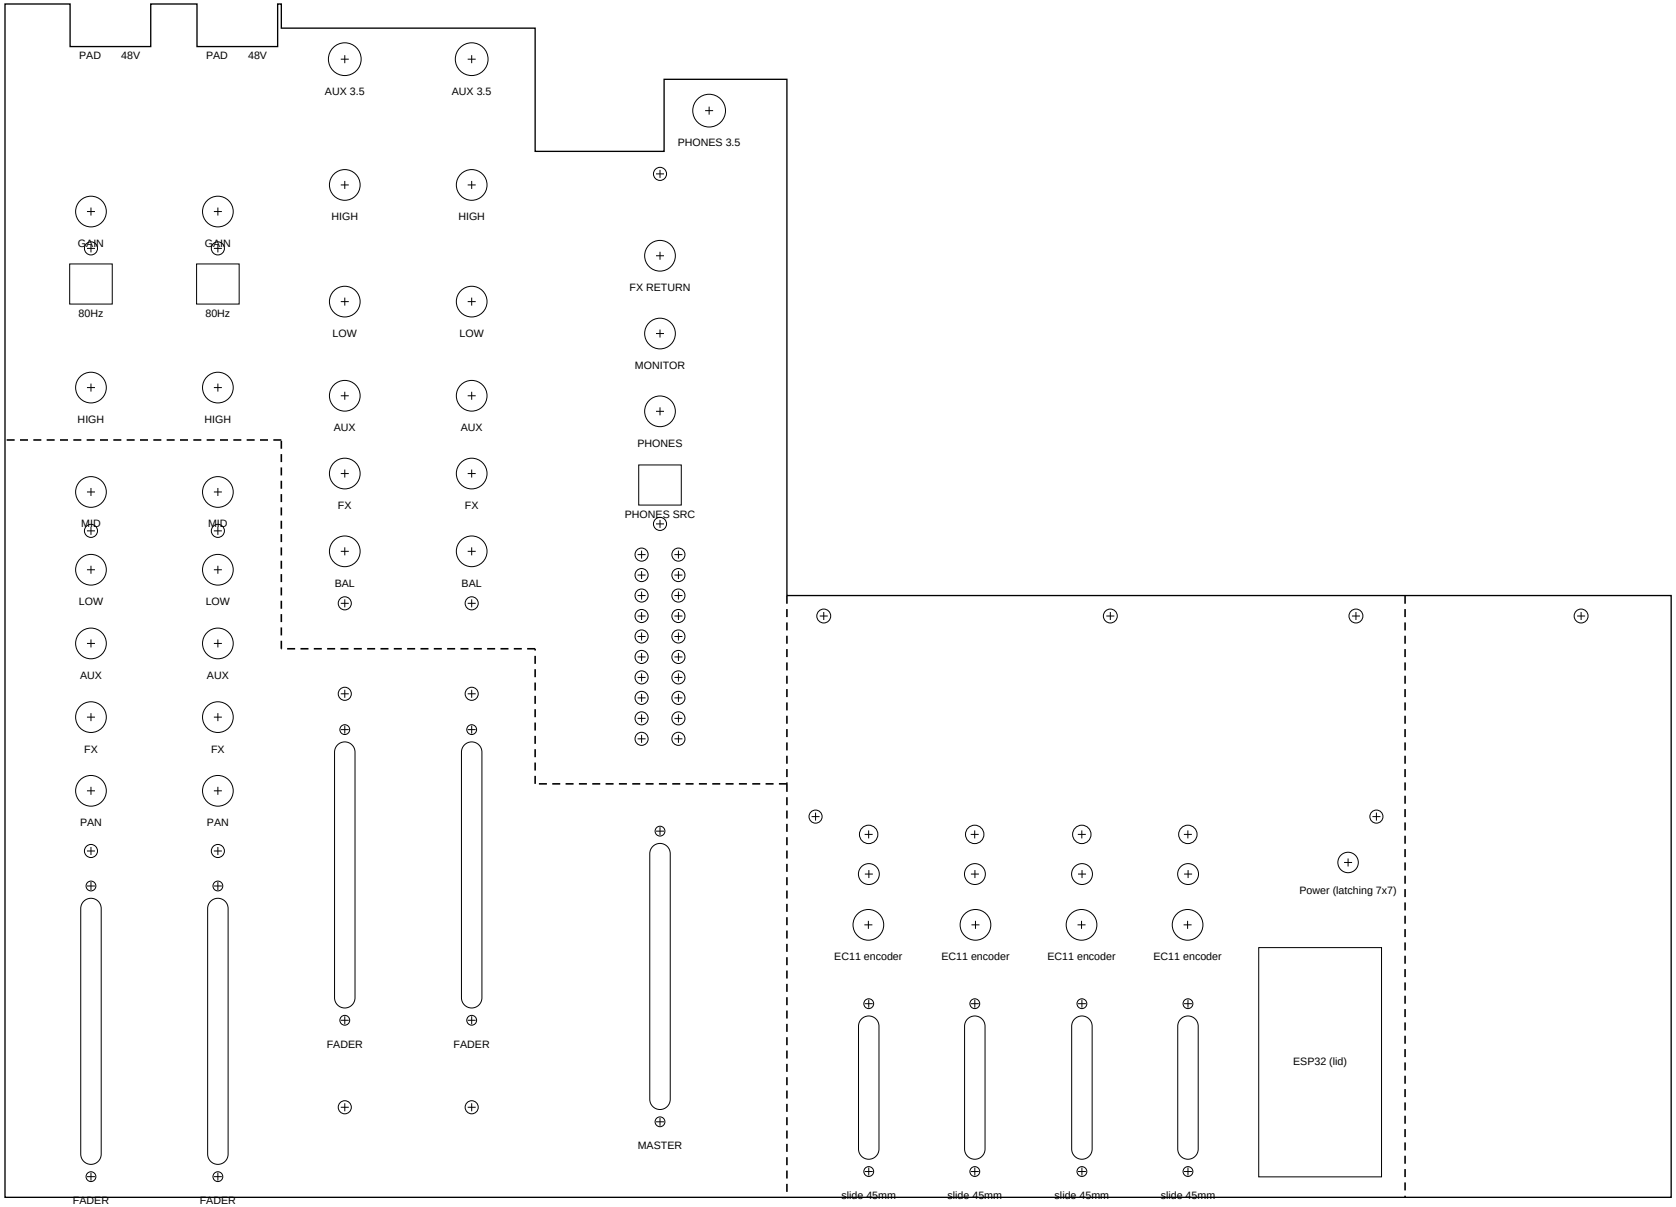
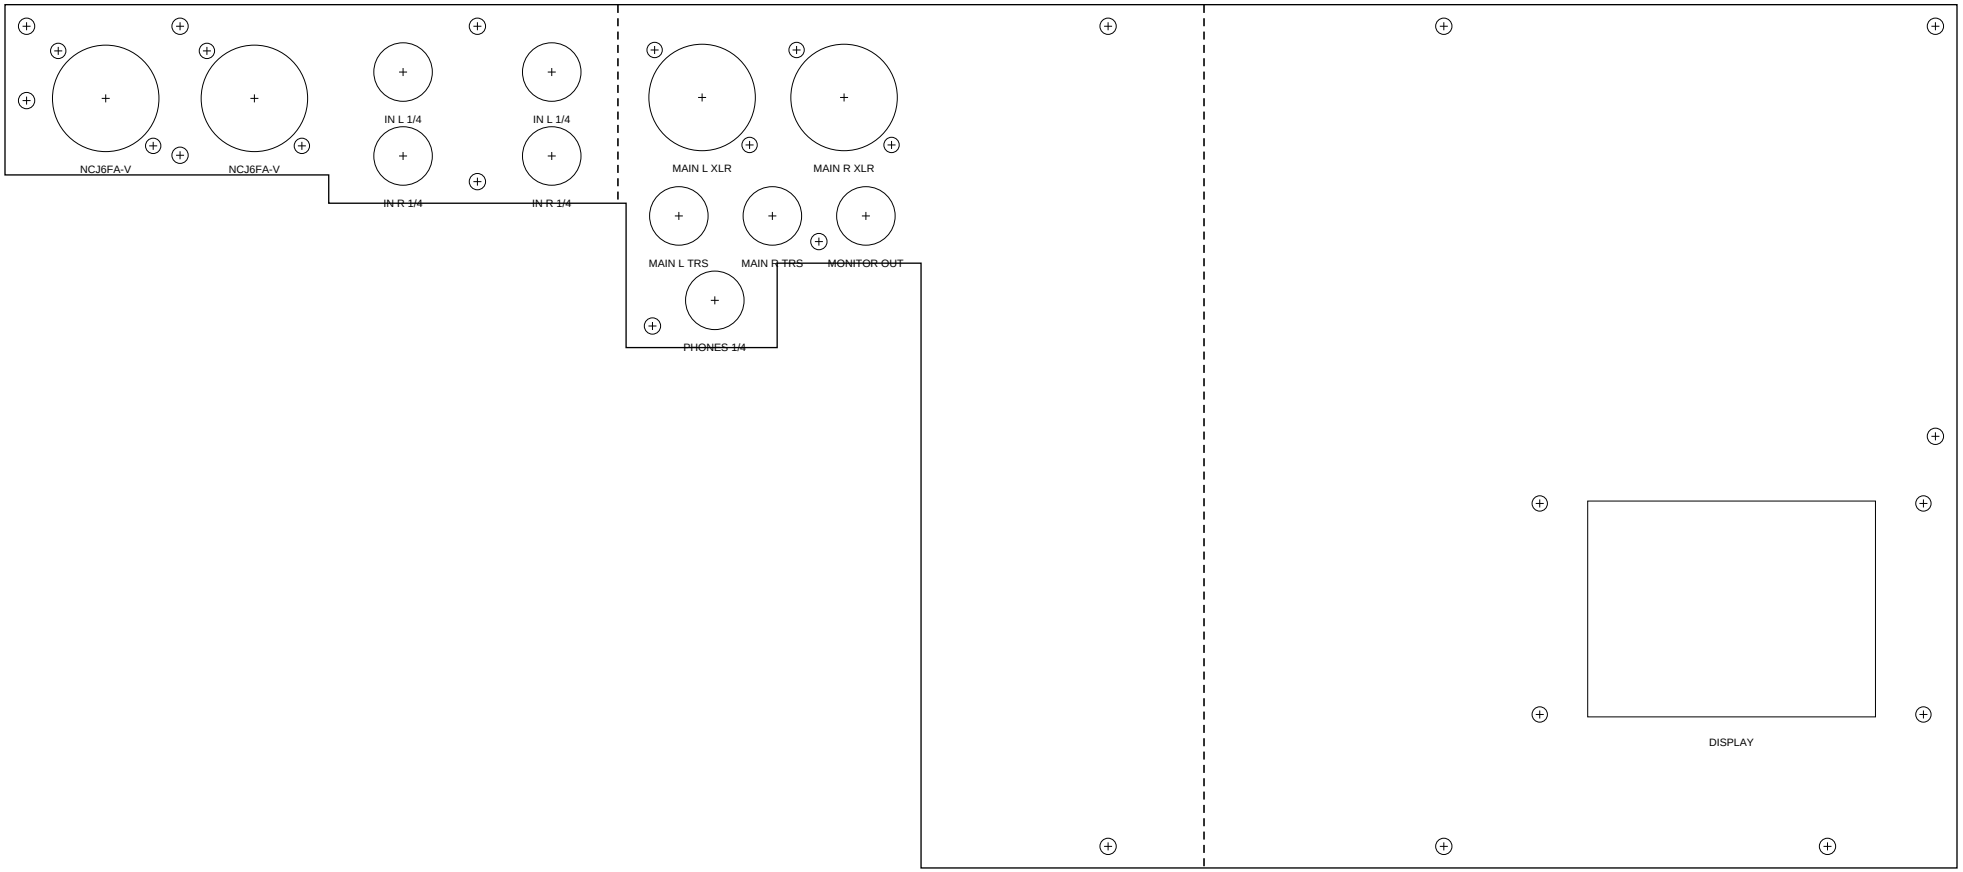
Control plate (printed, 2.5 mm, dashed = glued tile joints) (plate.dxf), seen from above, player at the bottom

Case coordinates: x from the left outer face, y from the rear outer face. Generated from the KiCad boards by case/gen/panels.py.
Sizes marked "to verify" in case/PANEL.md come from datasheets of generic parts: check them with the 1:1 paper print first.



Jack shelf (printed, 3 mm, dashed = glued tile joints) (shelf.dxf), seen from above, player at the bottom


Case coordinates: x from the left outer face, y from the rear outer face. Generated from the KiCad boards by case/gen/panels.py.
Sizes marked "to verify" in case/PANEL.md come from datasheets of generic parts: check them with the 1:1 paper print first.
